A WEEKEND IN CALISTOGA

PLAY

You are in the middle of Napa Valley, which means your main activity will be wine tasting. And while there are many great wineries located around Calistoga, I recommend you book a private tasting at [Phifer Pavitt Wine](#), run by the extremely charismatic lady, Suzanne and her husband (we hang on her every word while she was talking how they became vintners). Their tasting room with high ceilings, a hanging table, and hay bales is a rustic, reclaimed interior done right.
